The deficiency in the Post Other Department

The deficiency in the Post Other Department for this fascal year, is about two on home seven hundred thousand dollars, or something in one than one bundred thousand over last year. Its operations have been greatly extended, at the facilities largely increased. A single first, in this connection, furnishes a gratifying evidence. The growth of the country During the last four years there have been added to the Post Offine service some ten thousand units of rai note being as much as had been brought informs the preceding ten years. Altogether there point will deserve public attention, both his practical suggestians and the developments which it furnishes of national expansion and properity.
